**YARKEE**—Capt. Hasle. Just a few lines, by way of remembrance, that we are neither dead or sleeping here, that the faithful few are still holding on, and we need the enemy cannot hold on much longer under the heavy shot and shell. For God has said, "Cast it, bread upon the water and it shall be seen after many days." Thank God we've not got tired of sowing the good seed, nor do we intend to give in till our dear Master says, "Well done, some up higher." Our God will be exalted, for worthy in His name it is praised for His marvellous works to-

NOB WIOH.—Capt. Trott. This morn-  
ing finds us still marching on to war,  
still mean no surrender, Bless God,  
this week has been one of victory in many  
ways, first we have had the victory of  
morale in our own souls, and second  
they are going in for more of the first.  
The Holy Ghost in their hearts, and they  
have seen four precious souls coming  
in for pardon and peace. Also we  
had our good meetings all week.  
We have good attendance, and we believe  
our work will not stop here, but that  
many are on their way to the Gospel.

greater victories.

music was just splendid, mingled with some sharp shouting. A blessed meeting inside. Sunday evening at 7 a. m. the Lord was present, and holiness meeting. A Major laid down the line of holiness as how God could make the solitary place bud and blossom like the rose. As he dealt

**LISTOWELL.**—Capt. Dunkley. O glory  
to God for victory! Again inside of  
two weeks we have seen twelve prodigals  
and one prisoner crying to God for mercy,  
glory to God forever.

**WROXETER.**—Lieut. Munholland, a Gal whom we serve is almighty and grace that He gives makes me strong about my experience this morning. I've seldom found since good friends since came to Wroxeter, even the children are. A little fellow of six summers came the quarters and after thinking for some time came over to me and put his hand in mine, saying at the same time, "Dat is for you." On opening my hand there were five cents all for myself. "May God bless and save" is our prayer.

**JAMESVILLE.**—Capt. Alton Menoka, though the fight here has been hard and raging, and many times it has seemed as though the boys of Galt's farm would lose the day. Galt's farm men have kept up the promise and, and at last have seen our prayers answered in the salvation of our dear sister. Her way, we have felt His spirit and His little twinkling and His ceaseless love was with us. The Lord has also been giving the victory and we are to deal out thy straight in love to the dear people of this world. Our crusade are better, and this is grand, altogether we do feel engaged to fight on for the Master. Jamesville for Jesus in our Battle are.

**OIL SPRINGS.**—Capt. Hiltz. Glory to God, victory is our cry and we know no defeat, for we fight in the strength of our King. Since coming to this place a week ago God has been working. The spirit of the living God has taken hold of soldiers, Christians, and sinners. Soldiers and Christians have been led to see the need of being clean, pure and holy, and sinners the need of God.

STRATFORD.—Capt. W. Payne. Monday night proved that there was some who were not weary in well doing, but beliered in keeping at it, for although it was moving quite heavy we marched on to the beat of our drum, singing as merrily as a nightingale only perhaps not so sweet sounding, yet the love of God was sweeter than.

and our souls sought and professed  
 salvation at this close. The barracks were  
 crowded at night and a most wonderful  
 meeting, the people were fairly huddling  
 and God helped the Major and his  
 people with power and we believe the spirit  
 of lasting impressions upon those eter-  
 nally bound souls. Get ready, death may  
 be very near. Amen!!

**PORT KLAGIN.**—Capt. Mellory. The language of our hearts this morning is praise God from whom all blessings flow, for He does bless us more than we can ask or think, and His gentle leads us all the way. His presence is being felt in our midst, and sinners feel their need of a Saviour. Bless His name—seeking souls will find a seeking Saviour. Two prodigals returned to the fold for they were tired of being on the outside, when there is plenty of food to spare at Father's table. Halleluiah! There is many more to follow.

COMBET—Capt. M. Cowan. Blessed be this morning our faces are still Zim-

victory, since our last report we have  
three good cases, not only did we get  
our souls, but their ladies also, and they  
bravely meriting on to war, and are  
to look the devil in the face, and point  
to the blood, and tell him it cleanses

will be ours. Something surely must give,  
when those devil defeating Comberites  
go to pray. Amen.

bringing up to the Lord for an everlasting. D. O. Bolton had the meetings Friday and Sunday. God wonderfully used, need him and enabled him to deliver the truth in such a way that it fell on hearts of both saved and unsaved, as fragrant coils of God's altar, the meetings blessed to all by the presence of God, who came in careless were laid spell-bound by the power of God. Two souls out, got gloriously saved, were prayerful and believing for a great revival and a city shaking up in the dry bones of the dead in sin. Our faithful friends God and says it shall be done.
